Mathematics Poem

Mathematics is full of fun
with so much to learn.
Profits are added
while losses are subtracted.
Degrees are multiplied and
percentage is divided.
Geometry is full of mystery.
Angles has a big history.
Integers has different brothers.
Lines are parallel.
Angles are similar.
Mathematics is necessary in life
without it, it is difficult to survive.

The Two Donkeys

Once upon a time, in a barn, lived two donkeys. The two donkeys were boasting about their strength all the time. Their names were Chicku and Raju. One day Raju said to Chicku “I am so strong. I can hold 4 pounds very easily”. Hearing this, Chicku replied “I don’t think so, you may can lift 1 pound, but not 4”. After saying this, He laughed at Raju. Raju in order to prove this mighty, invited Chicku to a race. The rules were very simple. Both can take anything in a sack, who crosses the pond first will be the match winner.

The day for the race arrived. Raju bought a sack filled with feathers while Chicku bought a sack with salt. As the race started Raju ran with feathers while Chicku took his weight slowly.

When it was time for Raju to cross the pond, jumped into the pond causing the feathers to get soaked and weigh more.

While Chicku’s sack of salt get diluted with water. This caused Chicku to win the match.

Do You Know?

Ginger is also an indicator.

Do you know that only turmeric is not a natural indicator, but ginger can also indicate that the solution is acidic or basic.

For example, take some chopped gingers and put them in the first test tube and sodium hydroxide in second test tube. Now you will see that after some time the ginger changes its colour. The ginger in lime juice becomes pink and in sodium hydroxide it become yellow.

Why Ginger changes its colour?

Ginger has substance called Antocynins and it may used as PH indicators because their colour changes with PH, they are red or pink in acids solution($\text{PH} > 7$), purple in neutral solutions($\text{PH} = 7$) and greenish yellow in a alkaline solution($\text{PH} < 7$).

SCIENCE

Everything works,
Because of science
Even your old
Kitchen appliance
What about your
Mom's car?

Without science,
It wouldn't go far.
With science we could make,
A computer or phone,
If you went to a town
Just ask for a clone,

Science will explain,
Nature and trees,
It's also used,
To find cures for disease.
Science is cool,
The evidence is fun,
Enjoy it my dear.

माझी शाळा....

सुंदर माझी ही शाळा, मला लागला पहा लळा,
गुरुजी शिकवतात पुस्तक, त्याने सुधारते माझे
मस्तक, शाळा नाही घरापासून दुर, त्याने सुट्टीत
लागे मनात हुरहुर,

शाळेमध्ये भव्य पटांगण, जणू माझेच आहे
अंगण, मैदानात खेळतो विविध खेळ, कळत
नाही कसा संपला वेळ, वर्गासमोर आहे झाड
मोठे, तशी सावली मिळेल कोठे, शाळेची मजा
घरी येत नाही, सुट्टीच्या दिवशी करमत नाही

वडील

वडील म्हणजे समुद्रातलं
जहाज असते....

खंबीर आधाराचं दुसर
नाव असत....

वडील म्हणजे उंबराचं
झाड असत

लपलेल्या भावनांच जणू
खोड असत

वडील या शब्दात संपूर्ण जग
सामावलेल असत

ते सोबत असल्यावर हे जग
आपल्या

मुठीत असल्यासारखं वटत

मेरा प्यारा स्कूल

सबसे प्यारा मेरा स्कूल,
जिसको नहीं सकती मैं भूल ।
माँ ने मुझको जन्म देकर,
जीवन का पहला पाठ पढ़ाया ।
स्कूल जाकर ही मैंने पाया,
इस दुनिया के ज्ञान भंडार को ।
खूब पढ़ो और खूब बढ़ो तुम,
शिक्षा यही देती हमारी शिक्षक ।
तभी बढ़ेगा भारत सबसे आगे,
जब देश का हर बच्चा शिक्षित होगा ।
तभी तो मिटेगी देश की असाक्षरता,
जब पूरा देश शिक्षित होगा ।
सबसे प्यारा मेरा स्कूल,
जिसको नहीं सकती मैं भूल ।

लेक

आई म्हणते माझा छावा,
बाबांचा मी बोलका रावा,
ताई म्हणते मला राजा,
तिच्याशी खेळताना येते मजा.
आजोबांचा मी गुणांचा ठेवा,
आजी करते माझी वाहवा,
घावून करतो कामे घर,
सर्वांचा मी लाडका फार.

लेक ती लेकच आसते,
ती अशीही आसो पण ती लेकच
आसते. ती कधीच कुणावर
रागवत नाही. लेक ती लेकच असते.
कारण ती कधी लेका चे गुण
दाखवत नहीं. कारण ती लेक अस ते.
शेवटी लेक ती लेकच असते
